

PRESIDENT FRANK AYERS

FROM THE RVeep JOHN CROES

Greetings Sunrisers,

Holly and I would like to welcome all our new members since the last edition of the Gazette. We hope you will be able to make one of the scheduled rallies this year.

Carol and Ron Davis hosted a great rally at the Tampa RV Super Show in January. They had several new members in attendance. We all enjoyed the show, socials and especially the food. Thanks to all who attended, you made the rally what it was.

While out and about in Florida in February we signed up some new members, and met several other Alfa owners and handed out more applications. Most expressed interest in the Outer Banks outing scheduled in September.

I'm happy to report over 30 Sunrisers have registered for the Alfa National this April in Texas. This makes the Sunrisers the 3rd largest owners club in attendance at this National. Several of our members will be traveling in a rolling rally from Tallahassee, FL hosted by Ed and Martha Klaymeier. We are looking forward to meeting everyone in Texas.

John Croes, your Outing Coordinator has some great rallies scheduled for later this year. I'll let John explain who is hosting and the locations. We look forward to meeting everyone. If able, please attend and support the Wagon Masters and your club.

See you at a future outing!

Travel Safe

Frank

From the RVeep

Since this is my first column as your new Vice President/Events Coordinator, I want to solicit some ideas and input from each of you, the members, the heart and soul of our wonderful RV club. First, I want to thank Jim (outgoing VP/Events Coordinator) and Gwen Breece for all the GREAT work and help they have contributed to our chapter. Jim has left a giant legacy that I will do my best to uphold. In order to do this, I will need your help. The administrative part of the job is not as visible to our success as making our Chapter rallies and events so successful that when an event is over you are asking "when and where are we getting together again". Your job is to let me know when and where you want to have rallies scheduled. Once we know your requests, we can then schedule these events to attract the most participants. The chapter does not make money on these events (unless the sheriff is really tough). The primary purpose of our events is to promote fellowship and to help each other with our technical questions and problems (and we eat well too).

Before I go on, I would like to say one thing. Jim and Gwen and Frank and Holly Ayers were the first people to greet us when my wife Carroll and I attended our first rally in Aug., 2005 in Nashville, TN. Frank, our current President, was VP/Events Coordinator at that time and Jim was President. They made us feel so welcome! When we left that rally to head back home, Carroll and I both knew we were hooked on the Sunrisers – we had found our RV family! Carroll and I hope to maintain the high standards that Jim and Gwen and Frank and Holly have set over the years so that you will all feel as much a part of the Sunriser "family" as we did (and still do) 3 years ago.

OK, now what do I need from each of you?

- 1) **Consider volunteering to be a wagon master** (you will get lots of help if you ask for it);
- 2) Let me know locations you would like to see a rally held;
- 3) Support your chapter by attending rallies;

FLORIDA STATE FAIRGROUNDS, TAMPA, FL.

The outing at the Tampa RV Show was a great success. We had 24 rigs in attendance, with numerous first timers. It's always great to make new friends and share experiences. Again this year the RV Super Show was huge. We had some iffy weather the first day which made for much lighter crowds which was a blessing in disguise. On Friday night we all car pooled to Sam Seltzer's Steakhouse in the Brandon Mall. We had our own room and the staff did a wonderful job with service as well as an outstanding meal for a very affordable price. If you are ever near one of their Steak Houses here in Florida, we highly recommend them. After the meal we distributed many Alfa logo items as prizes.

Putting on an outing when you are dry camping poses some unique problems, but we were still able to have coffee & assorted sweets & fruit for breakfast every morning and happy hour every afternoon. We had several pot lucks and we'd like to thank everyone for contributing their special dishes and helping with the set-up and clean-up. We have a great group of club members. If there is any interest in doing this as an outing again next year we will be glad to pass the information along to whomever is the wagon masters. Think everyone had a great time, we sure did.

Heard from the National Rally Master and we now have 34 members registered to attend the rally in Texas. What a great showing. If anyone has not registered and wishes to go you will need to contact the rally master directly to see if there have been any cancellations as all sites have been taken.

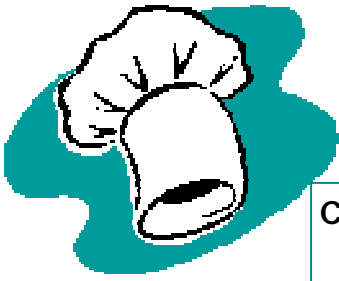

Seeya,

Ron & Carol Davis

We had a great turnout for our Tampa outing, (24 rigs) plus a number of folks that joined us for some of the evenings.

THE RECIPE CORNER

Creamy Beef Stroganoff – By Ron & Carol Davis

Great recipe while you're on the road if you carry your crock pot.

PREP: 20 minutes

COOK: 8 hours

2 pounds beef stew meat cut in 1" cubes
1 can condensed cream of celery soup
1 can condensed cream of mushroom soup
1 medium onion, chopped
1 jar (6 oz) sliced mushrooms, drained
1 envelope onion soup mix
1/2 tsp. pepper
1 cup sour cream

In a 3 qt slow cooker, combine the first seven ingredients. Cover and cook on low for 8 hours or until beef is tender. Stir in sour cream. Serve with hot cooked noodles.

YIELD: 6 servings

Tropical Chicken Salad – By Janet

INGREDIENTS

2 cans chunk chicken breast
1 cup low fat cottage cheese
1 small can pineapple tidbits
¼ cup low cal mayo
1 cup sliced seedless green grapes
1 small can sliced water chestnuts, cut in half
1 tangerine, wedged, de-seeded, and cut in thirds
½ cup raisins
¼ cup sliced almonds
Chives, optional
Orange peel, optional

DIRECTIONS

Adjust ingredients to suit your taste.

Mix together; serve on low fat flour tortilla with spinach, or on low fat wheat crackers

Dan Harvey

Hello Friends! Janet and I are still in Florida but we will be heading to Texas for the Alfa rally in the next few days. We hope to see you there.

The web site has taken a few small steps since our last newsletter, but nothing significant. The Board of Directors has authorized and we have purchased the web address "SUNRISERS.ORG" . Eventually, you will be able to type that address in your URL line and go to our web site. "ALFA-SUNRISERS.ORG" will remain as the primary URL.

Note I have started a Forum regarding the web site construction progress. This will be kept in the form of a log so you can see what updates are made and the date they were made. This is a good place for you to make suggestions about the web site as well.

There is still some confusion about Passwords. I am probably guilty of not providing you with enough information so you understand when and where you need a password. Let me try to clarify that here. There are three places you need a user name and password in regards to our web site;

Members Only Section: When you go to the Members Only Section, a box appears asking for a user name and password. This information is not unique to any one member. We all have the same User name and Password which will be changed once a year. If you forget, you can ask another member what it is without a confidentiality issue.

Forums: The Forums is basically a program within our website. It can be read by the general public and anyone can register as a member. (They do not need to be a member of Alfa Sunrisers.) The registration process requires you to select a user name, provide a email address which is verified by sending your initial password to that email address. You must use that initial password to gain access to the program however, you can change your password once you are logged in. The number one reason for registration failures is that users type in their email address wrong. The program cannot send you a password via email if you make a typo when providing your email address.

EMAIL: This is a manual setup I perform for you. You provide the password to me and then you can change it later on the web site. CHEERS!

INFORMATIONAL TIDBITS AND FOOD FOR THOUGHT

INFO PROVIDED BY INTERESTED CLUB MEMBERS

"GOOD INTERNET ADVICE"

The following procedure was written by a System Administrator for a corporate computer system. It is an excellent message that **ABSOLUTELY** applies to **ALL** of us who send e-mails. Please read the introduction below, even if you're sure you already follow proper procedures.

Do you really know how to forward e-mails? 50% of us do; 50% of us **DO NOT**.

Do you wonder why you get viruses or junk mail? Do you hate it? Here is how it happens: Every time you forward an e-mail, there is information left over from the people who received the message before you, namely their e-mail addresses and names. As the messages get forwarded along, the list of addresses builds, and builds, and builds. Now, all it takes to get a virus is if any of these addressees has a virus, it can now be distributed to everyone receiving and opening the e-mail. Additionally, the computer can send that same virus to every E-mail address that is in your Address Book. In addition, some sap can take all of those addresses and sell them to a Spammer or just send junk mail to each of them, in the hopes that you will go to a specific web site and he will then make five cents for each hit. That's right, all of that inconvenience is over a nickel! How do you stop it? Well, there are several easy steps but they do require discipline...

Try the following if you haven't done it before:

(1) **When you forward an e-mail, DELETE all of the other addresses that appear in the body of the message (at the top).** That's right, **DELETE** them. You **MUST** click the 'Forward' button first and then you will have full editing capabilities against the body and headers of the message. If you don't click on 'Forward' first, you won't be able to edit the message at all. Highlight them (Click and hold your mouse button down and drag over whatever you want to remove, then press the 'delete' key or the 'enter' key) and delete all addresses received with your mail, backspace them, cut them, whatever it is you know how to do. It only takes a second. You can also put () around all the E-mail addresses, and it will become a 'Blind Copy.' No one else can see who you've sent the e-mail to.

(2) **Whenever you send an e-mail to more than one person, do NOT use the To: or Cc: fields for adding e-mail addresses. Always use the BCC: (blind carbon copy) field for listing the e-mail addresses.** This is the way the people you send it to will only see their own e-mail address. If you don't see the **BCC:** option, click on where it says To: and your address list will appear. Highlight the address and choose **BCC:** and that's it, it's that easy. When you send to BCC: your message will automatically say '**Undisclosed Recipients**' in the 'TO:' Address field of the people who receive it.

(3) **Remove any 'FW :'** in the subject line. You can re-name the subject if you wish or even fix spelling. Make it look as if you are the Originator of the message.

(4) **ALWAYS hit your Forward button from the actual e-mail you are reading.** Ever get those emails where you have to open 10 different Forwards, before you can read the one page that actually has the information on it? By **forwarding from the actual page you wish someone to view, you stop them from having to open the many e-mails just to see what you sent. You will also NOT be sending other people's E - mail addresses along. This is really important.**

5) **Have you ever gotten an email that is a petition?** It states a position! And asks you to add your name and address and to forward it to 10 or 15 people or your entire address book. The email can be forwarded on and on and can collect thousands of names and email addresses. **A FACT:** A completed petition is actually worth a couple of bucks to a professional spammer because of the wealth of valid names and email addresses contained therein. **DO NOT put your email address on any petition.** If you want to support the petition, Copy , Edit and Send it as your own personal letter to the intended recipient. Your position may carry more weight as a personal letter than a laundry list of names and email addresses on a petition. And don't believe the ones that say that the email is being traced, it just isn't so!

Some of the other emails to delete and not forward are:

1. **The** one that says something like, 'Send this email to 10 people and you'll see something great run across your screen.' Or sometimes they'll just tease you by saying 'something really cute will happen.' IT ISN'T GOING TO HAPPEN!!!! (We are still seeing some of the same emails that we circulated 10 years ago!)
2. **Don't** let the bad luck ones suck you in or scare you either (please help so and so); these should automatically get trashed if you don't know the individual personally.
3. **Before** you forward an 'Amber Alert', or a 'Virus Alert', or some of the other emails floating around nowadays, check them out before you forward them. Most of them are junk mail that's been circling the net for YEARS! Just about everything you receive in an email that is in question can be checked out at Snopes. Just go to <http://www.snopes.com/> It's really easy to find out if it's real or not. If it's not, we shouldn't pass it on. **So please, in the future, let's stop the junk mail and the viruses.**

MORE FOOD FOR THOUGHT

The price of Gas versus Printer Ink

All these examples do NOT imply that gasoline is cheap; it just illustrates how outrageous some prices are.... You will be really shocked by the last one! (At least, I was...)

Compared with Gasoline..... Think a gallon of gas is expensive? This makes one think, and also puts things in perspective.

Diet Snapple 16 oz \$1.29 ... \$10.32 per gallon
Lipton Ice Tea 16 oz \$1.19\$9.52 per gallon
Gatorade 20 oz \$1.59 \$10.17 per gallon
Ocean Spray 16 oz \$1.25 \$10.00 per gallon
Brake Fluid 12 oz \$3.15 \$33.60 per gallon
Vick's Nyquil 6 oz \$8.35 \$178.13 per gallon
Pepto Bismol 4 oz \$3.85 .. \$123.20 per gallon
Whiteout 7 oz \$1.39 \$25.42 per gallon

Scope 1.5 oz \$0.99\$84.48 per gallon

And this is the REAL KICKER...

Evian water 9 oz \$1.49..\$21.19 per gallon! \$21.19 for WATER and the buyers don't even know the source (Evian spelled backwards is Naive.)

Ever wonder why printers are so cheap? So they have you hooked for the ink. Someone calculated the cost of the ink at.....(you won't believe it....but it is true.....) \$5,200 a gal. (five thousand two hundred dollars)

So, the next time you're at the pump, be glad your car doesn't run on water, Scope, or Whiteout, Pepto Bismol, Nyquil or God forbid, Printer Ink!

Just a little humor to help ease the pain of your next trip to the pump...
